**Class at 8:30-4:30pm**

## COURSE INFORMATION

**When:** \*Saturday, March 17th, 2011.

**Where:** 1240 Fairgrounds Rd, Ste E, Grenada  
Office and meeting facilities are located at the  
Grenada County Extension Office.

### Class Time:

**Registration will begin at 8:00am.**

**Class is scheduled for 8:30am-4:30pm.**

Cost: \$75/person

**\*15 attendees needed for classes to be  
conducted, so spread the word.**

This class is intended for loggers seeking to become qualified Professional Logging Managers in the state of Mississippi. Many mills in Mississippi require one person per logging crew to hold this qualification in order to deliver SFI certified wood. Loggers in this program must begin by taking 4 required topics. 3 of the 4 topics are covered during this class. The 4th topic is Business Management and will be held in May and June of 2012. Remember: you must complete all 4 core classes in order to be qualified.

If you fall behind two certification periods you are required to start the program over by taking the all of the core classes. We now cover 3 of the 4 core classes in one day but you are required to stay the full day in order to receive the credit.

## PROGRAM INFORMATION

The logger earning their PLM qualification must be the one to attend the classes. No one can take his/her place at the classes. You are welcome to have more than one person per crew go through the core classes and become qualified, but those individuals must be the ones to attend the classes. We noticed that a few loggers are still unsure of who has to attend the core classes and the continuing education classes. Each forest products company has their own rules about who on a logging crew has to be trained. Please check with whom you deliver to, to ensure you are following their requirements. As far as the PLM program is concerned, the hours you earn follow the individual, not the company. If your name is listed in the database, then you are the only one who can earn hours, no one can attend meetings for you to earn your credits.

If you are 65 years old or older and are current in the PLM Program, you qualify to be exempt from continuing education courses. The only class you would be required to take once every two years is the SFI Update course. We will send notices for these kind of classes and you can take it anytime

Core Classes: INTRO, SAFETY, BMP on Saturday, March 17th in Grenada, MS
